Technical Skills

Frontend Development: React, JavaScript, TypeScript, HTML, CSS, Vite

Database: MySQL, MSSQL

Tools: Azure DevOps, Git, Jira, Postman

Professional Experience

Frontend Developer

June 2023 – Present

IIFL Finance

- Designed and developed scalable, user-friendly interfaces and migrated 8+ legacy modules to a modern React-based stack for IIFL's digital lending platform, powering 5,000 Cr+ AUM and 300 Cr+ monthly disbursements.
- Implemented responsive UIs using **React**, **TypeScript**, **Redux Toolkit**, **Saga**, and **Ant Design**, improving application speed by 25%.
- Built frontend workflows powering end-to-end digital lending automation, including **underwriting**, **KYC verification**, **agreement signing**, and **mandate processing**, reducing manual interventions by 60%.
- Integrated RESTful APIs in collaboration with backend teams, enhancing data flow efficiency and reducing latency by 19.7%.
- Conducted UAT for 3 business-critical modules and resolved 20+ production issues, strengthening system stability and customer experience.
- Ensured compliance by mitigating high-risk **VAPT vulnerabilities** and aligning design with regulatory protocols.
- Executed 60+ frontend deployments with 95% success rate using **Azure DevOps**, Git, and TFS, minimizing downtime risks with rollback strategies and pre-deployment checks.
- Coordinated with 5 cross-functional teams via **Jira** and Agile ceremonies, ensuring on-time delivery of features with zero major rollback incidents.

Education

Thadomal Shahani Engineering College

2021 - 2023

Bachelor of Technology in Computer Engineering (CGPA: 9.58)

Bandra, India

Shri Bhagubhai Mafatlal Polytechnic

2017 - 2020

Diploma in Computer Engineering (Percentage: 94.80)

Vile Parle, India

John XXIII High School

2016 - 2017

SSC (Percentage: 90.60)

Virar, India

Certifications

- **Foundations of User Experience (UX) Design**, Google/Coursera
- **Postman API Fundamentals Student Expert**

Extracurricular Activities

Social Service Campaign: Serve Out Smiles

2018

SVKM's NMIMS

Collaborated with NGOs to teach underprivileged students social and moral skills, organize art workshops, food drives, and feed stray animals, positively impacting numerous lives with 300+ participants and volunteers.
